Research Objective

To advance mechanical and aerospace engineering through integrated research in structural dynamics, aeroelasticity, vibration control, composite structures, finite element methods (FEM), and computational mechanics. Aiming to bridge physical-domain modeling with data-driven techniques—including Machine Learning, Artificial Intelligence, and Federated Learning—to solve complex engineering challenges, develop intelligent mechanical systems, and promote interdisciplinary academic innovation.

Research Interests & Specializations

Core Mechanical & Aerospace Domains

Aeroelasticity and Flutter Analysis; Structural Dynamics, Vibrations, and Modal Analysis; Composite Structures and Advanced Material Modeling; Finite Element Method (FEM) and Computational Mechanics; Active Vibration Control and Smart Structures.

Data-Driven & Computational Engineering

Machine Learning and Artificial Intelligence in Mechanical Systems; Data Science, Engineering Analytics, and Federated Learning for Intelligent Transportation; Scientific Machine Learning (SciML); Structural Optimization.

Methodological Focus

Aeroelastic Analysis of Composite Wings; Static, Dynamic, and Non-Linear Analysis of Composite Laminates and Plates; Structural Health Monitoring (SHM); Finite Element Formulation and Custom Solver Modeling in MATLAB / ANSYS.

Education

Ph.D. in Mechanical Engineering (Design) <i>Indian Institute of Technology (Indian School of Mines), Dhanbad</i>	<i>July 2025–Present</i> CGPA: 8.20/10.0
AICTE QIP Postgraduate Certificate in Data Science <i>Indian Institute of Technology Bhilai, Bhilai</i>	<i>June 2025–Dec. 2025</i> CGPA: 8.67/10.0
Master of Technology (M.Tech.) in Machine Design <i>GITAM (Deemed to be University), Visakhapatnam</i>	<i>2016–2018</i> CGPA: 8.78/10.0
Bachelor of Technology (B.Tech.) in Mechanical Engineering <i>Vivekananda Institute of Technology and Science, Karimnagar</i>	<i>2010–2014</i> 71.28%
Intermediate (M.P.C. – Mathematics, Physics, Chemistry) <i>SR Junior College, Karimnagar</i>	<i>2008–2010</i> 81.80%
Secondary School Certificate (SSC) <i>Pragathi Vidyalayam, Sircilla</i>	<i>2007–2008</i> 85.50%

Professional & Research Experience

Online Data Science Intern <i>Sabudh Foundation (in collaboration with STPI, Mohali)</i>	<i>Jan. 2026–June 2026</i>
– Developed and deployed distributed machine learning models tailored for Intelligent Transportation Systems.	

- Implemented privacy-preserving Federated Learning workflows using Python, TensorFlow, Scikit-learn, and Dataiku DSS platforms.

Assistant Professor, Department of Mechanical Engineering

Mar. 2021–June 2025

Guru Nanak Institutions Technical Campus, Hyderabad, Telangana

- Taught core undergraduate Mechanical Engineering courses and mentored undergraduate capstone design projects.
- Managed departmental NAAC, NBA, and NIRF accreditation teams and documentation processes.
- Led departmental preparations and compliance tasks during JNTU Hyderabad inspection visits.
- Served as Minor Degree Coordinator, Remedial and Tutorial Classes Coordinator, and Kinematics and Dynamics Laboratory Coordinator.
- Acted as SAE BAJA and Go-Karting Faculty Advisor, implementing Outcome-Based Education (OBE) frameworks.

Assistant Professor, Department of Mechanical Engineering

Nov. 2018–Mar. 2021

Sree Chaitanya College of Engineering, Karimnagar, Telangana

- Instructed undergraduate Mechanical Engineering subjects and mentored undergraduate research/projects.
- Formed and served as Faculty Coordinator for the ISTE Student Chapter.
- Managed Kinematics and Dynamics Laboratory operations and organized state-level technical workshops.

Lecturer, Department of Mechanical Engineering

Dec. 2015–June 2016

Jyothishmathi Institute of Technology and Science, Karimnagar, Telangana

- Conducted lectures and practical laboratory sessions in engineering mechanics, graphics, and workshop practices.
- Served as Academic and Examination Branch Coordinator.

Teaching Experience

Total Pedagogical Experience: 7+ years in undergraduate engineering education, academic administration, curriculum support, student mentoring, project guidance, laboratory management, and NBA/NAAC-oriented Outcome-Based Education (OBE).

Undergraduate Courses Taught

Engineering Graphics / CAEG

Guru Nanak Institutions Technical Campus

- 2024–2025 | Year I | Semester II | Mechanical Engineering | Section ME.
- 2024–2025 | Year I | Semester II | Electronics and Communication Engineering | Section ECE-5.
- 2024–2025 | Year I | Semester I | Information Technology | Section IT-1.
- 2024–2025 | Year I | Semester I | Computer Science and Engineering | Section CSE-5.
- 2023–2024 | Year I | Semester II | Electronics and Communication Engineering | Section ECE-3.
- 2023–2024 | Year I | Semester I | Computer Science and Engineering | Section CSE-1.

Sree Chaitanya College of Engineering

- 2019–2020 | Year I | Semester II | Electrical and Electronics Engineering | Section EEE.

Jyothishmathi Institute of Technology and Science – subject title: Engineering Drawing

- 2015–2016 | Year I | Semester II | Computer Science and Engineering | Section CSE-B.

Finite Element Methods

Guru Nanak Institutions Technical Campus

- 2024–2025 | Year IV | Semester I | Mechanical Engineering | Section ME-2.
- 2022–2023 | Year IV | Semester I | Mechanical Engineering | Section ME-1.

– 2021–2022 | Year IV | Semester I | Mechanical Engineering | Section ME-1.

Jyothishmathi Institute of Technology and Science

– 2015–2016 | Year III | Semester II | Mechanical Engineering | Section ME.

Plant Layout and Material Handling

Guru Nanak Institutions Technical Campus

– 2023–2024 | Year IV | Semester II | Mechanical Engineering | Section ME-1.

Operations Research

Guru Nanak Institutions Technical Campus

– 2023–2024 | Year III | Semester I | Mechanical Engineering | Section ME-2.

– 2023–2024 | Year III | Semester I | Mechanical Engineering | Section ME-1.

Sree Chaitanya College of Engineering

– 2020–2021 | Year III | Semester I | Mechanical Engineering | Section ME-B.

– 2020–2021 | Year III | Semester I | Mechanical Engineering | Section ME-A.

Basics of Mechanical Engineering

Guru Nanak Institutions Technical Campus

– 2022–2023 | Year II | Semester II | Civil Engineering | Section CE-2.

– 2022–2023 | Year II | Semester II | Civil Engineering | Section CE-1.

Engineering Mechanics

Guru Nanak Institutions Technical Campus

– 2022–2023 | Year II | Semester I | Mechanical Engineering | Section ME-2.

– 2021–2022 | Year II | Semester I | Mechanical Engineering | Section ME-2.

Mechanics of Solids

Guru Nanak Institutions Technical Campus

– 2021–2022 | Year II | Semester II | Mechanical Engineering | Section ME-3.

– 2021–2022 | Year II | Semester II | Mechanical Engineering | Section ME-2.

Design of Machine Members – II

Guru Nanak Institutions Technical Campus

– 2020–2021 | Year III | Semester II | Mechanical Engineering | Section ME-1.

Sree Chaitanya College of Engineering

– 2018–2019 | Year III | Semester II | Mechanical Engineering | Section ME.

Kinematics of Machinery

Guru Nanak Institutions Technical Campus

– 2020–2021 | Year II | Semester II | Mechanical Engineering | Section ME-4.

Design of Machine Members – I

Sree Chaitanya College of Engineering

– 2019–2020 | Year III | Semester I | Mechanical Engineering | Section ME.

Fluid Mechanics and Hydraulic Machinery

Sree Chaitanya College of Engineering

– 2018–2019 | Year II | Semester II | Mechanical Engineering | Section ME.

Undergraduate Laboratory Courses Taught

Engineering Workshop Laboratory

Guru Nanak Institutions Technical Campus

- 2024–2025 | Year I | Semester II | Computer Science and Engineering | Section CSE-2.
- 2024–2025 | Year I | Semester II | Computer Science and Engineering | Section CSE-1.

Jyothishmathi Institute of Technology and Science

- 2015–2016 | Year I | Semester II | Computer Science and Engineering | Section CSE-C.
- 2015–2016 | Year I | Semester II | Electronics and Communication Engineering | Section ECE-A.

Kinematics and Dynamics Laboratory

Guru Nanak Institutions Technical Campus

- 2022–2023 | Year III | Semester I | Mechanical Engineering | Section ME-4.
- 2022–2023 | Year III | Semester I | Mechanical Engineering | Section ME-2.
- 2021–2022 | Year III | Semester I | Mechanical Engineering | Section ME-5.

Sree Chaitanya College of Engineering

- 2020–2021 | Year III | Semester I | Mechanical Engineering | Section ME.
- 2019–2020 | Year III | Semester II | Mechanical Engineering | Section ME.
- 2018–2019 | Year III | Semester II | Mechanical Engineering | Section ME.

Metallurgy & Mechanics of Solids Laboratory

Guru Nanak Institutions Technical Campus

- 2021–2022 | Year II | Semester II | Mechanical Engineering | Section ME-3.
- 2021–2022 | Year II | Semester II | Mechanical Engineering | Section ME-2.
- 2020–2021 | Year II | Semester I | Mechanical Engineering | Section ME-2.
- 2020–2021 | Year II | Semester I | Mechanical Engineering | Section ME-1.

Machine Drawing Practice Laboratory

Sree Chaitanya College of Engineering

- 2019–2020 | Year II | Semester I | Mechanical Engineering | Section ME-A.

Production Technology Laboratory

Sree Chaitanya College of Engineering

- 2019–2020 | Year II | Semester I | Mechanical Engineering | Section ME-B.

Postgraduate Teaching Assistantship – IIT (ISM) Dhanbad

Department of Mechanical Engineering – M.Tech. Machine Design specialization

- **Summer Semester 2026–27:** Teaching Assistant for the **Computations Laboratory** and **Mechanical Vibrations Laboratory**.
- **Winter Semester 2025–26:** Teaching Assistant for the **Finite Element Analysis Laboratory**.

Additional Teaching / Academic Instruction

- **Dr. Rajesh's Biogenesis Chemistry Coaching Centre:** Taught Heat Transfer.
- **Tuteetute–GoVidya:** Taught selected concepts related to Thermodynamics, Fluid Mechanics, Engineering Drawing, Heat Transfer, and related engineering topics through the online educational platform.

Research & Academic Projects

Data Science Internship Project

Jan. 2026–June 2026

Federated Learning for Intelligent Transportation Systems

- Formulated decentralized, privacy-preserving machine learning frameworks tailored to intelligent

transportation applications using Python, TensorFlow, Scikit-learn, Dataiku DSS, and advanced data analytics tools.

IIT Bhilai AICTE QIP PG Project

June 2025–Dec. 2025

AI-Driven Frequency Response Analysis for Transformer Diagnostics via Unified Multi-Format Software

- Developed unified data-processing and machine-learning frameworks for automated fault identification in transformer frequency-response diagnostics.

M.Tech. Major Project

2016–2018

A Study on the Effect of Elastic-Plastic Material Properties of Metals on Hardness Values Using Finite Element Analysis

- Developed finite element models for hardness prediction.
- Compared theoretical, numerical, and experimental hardness values.
- Investigated the influence of elastic-plastic material properties on hardness.

B.Tech. Major Project

2013–2014

Hydraulic Robotic Arm for Pick-and-Place Applications

- Designed and fabricated a hydraulically operated robotic arm.
- Applied Pascal’s Law for motion transmission.
- Demonstrated industrial pick-and-place operations.

Technical & Computational Skills

Programming Languages	Python, MATLAB, SQL
Engineering Simulation & FEA Tools	ANSYS Mechanical, ANSYS APDL, MATLAB, Simulink, AutoCAD, SolidWorks
Data Science & Machine Learning	NumPy, Pandas, Scikit-learn, TensorFlow, Keras, Dataiku DSS
Data Analytics & Visualization	Power BI, Tableau, Dataiku Academy Suite, IBM Watson Studio
Documentation & Version Control	LaTeX, Git, GitHub, Microsoft Word, Excel, PowerPoint
Engineering Analysis	Finite Element Analysis, Structural Dynamics, Modal Analysis, Aeroelastic Analysis, Computational Mechanics

Research Skills

- | | |
|---|--|
| – Finite Element Modelling and Numerical Simulation | – Machine Learning for Mechanical Engineering Applications |
| – Structural Dynamics and Modal Analysis | – Federated Learning |
| – Aeroelastic Modelling and Flutter Analysis | – Engineering Data Analytics |
| – Composite Material Analysis | – Scientific Programming using MATLAB and Python |
| – Mathematical Modelling and Numerical Methods | – Technical Documentation using LaTeX |

Academic & Administrative Responsibilities

- **Secretary, Maintenance – Topaz Hostel:** IIT (ISM) Dhanbad, August 2026 – Present.
- **Student Coordinator:** D2MMS Summer School, Department of Mechanical Engineering, IIT (ISM) Dhanbad.

- **Departmental Accreditation & Quality Member:** Departmental NAAC, NBA, and NIRF accreditation committee member at GNITC, Hyderabad.
- **JNTUH Inspection Coordinator:** Key departmental member responsible for JNTU Hyderabad inspection documentation and compliance verification at GNITC, Hyderabad.
- **ISTE Student Chapter Founder & Coordinator:** Formed and served as faculty coordinator for the ISTE Student Chapter at Sree Chaitanya College of Engineering, Karimnagar.
- **Academic & Examination Branch Coordinator:** Coordinator for academic scheduling and examination operations at Jyothishmathi Institute of Technology and Science, Karimnagar.
- **Minor Degree Coordinator:** Departmental lead for managing undergraduate Minor Degree curricula at GNITC, Hyderabad.
- **Tutorial & Remedial Classes Coordinator:** Formulated academic enhancement frameworks and remedial learning schedules for students.
- **SAE BAJA & Go-Karting Faculty Advisor/Coordinator:** Guided undergraduate student design, simulation, and racing competition teams at GNITC, Hyderabad.
- **Kinematics & Dynamics Laboratory Coordinator:** In-charge of laboratory setup, equipment maintenance, and experimental modules at GNITC, Hyderabad and Sree Chaitanya College of Engineering, Karimnagar.
- **Faculty Coordinator:** Freshers' Day, Farewell, Technical Events and Annual Day.
- **Undergraduate Student Mentor:** Guided B.Tech. students in academic progression, career development, and capstone projects across institutions.
- **Project Supervisor:** Undergraduate Mechanical Engineering projects.
- **Member:** Departmental Academic and Examination Committees.

MOOCs & Professional Certifications

AICTE QIP Certification

- AICTE Quality Improvement Programme (QIP) Postgraduate Certification in Data Science, Indian Institute of Technology Bhilai, 2025 (CGPA: 8.67).

Social Responsibilities & Volunteer Work

- **Blood Donation Volunteer:** Donated blood on 10+ occasions through recognized blood-donation drives supporting community healthcare.
- **Pledge Participant:** “Nasha Mukta Bharat, Khushaal Bharat” (Ministry of Social Justice and Empowerment, Government of India) – active advocate for substance-abuse awareness and community health.
- **Academic & Student Welfare Volunteer:** Active mentor for student development, social outreach, and welfare activities.

Honors, Awards & Academic Achievements

- **National Selections:** Provisionally selected for Ph.D. admission at IIT (ISM) Dhanbad, IIT Mandi, and IIT Dharwad (2025).
- **Doctoral Fellowship:** Indian Institute of Technology (Indian School of Mines), Dhanbad.
- **Academic Merit:** CGPA 8.67/10.0 in AICTE QIP Data Science programme at IIT Bhilai and CGPA 8.78/10.0 in M.Tech. at GITAM University.
- **Competitions:** Essay and Elocution Award, Department of Youth Services, Karimnagar; Innovation 2K12 Fest Certificate, VITS Karimnagar.
- More than seven years of teaching experience in Mechanical Engineering and experience in undergraduate project guidance, academic administration, laboratory coordination, and interdisciplinary research.

Professional Strengths

- Strong analytical and problem-solving skills.
- Excellent communication and presentation skills.
- Outcome-Based Education (OBE) implementation.
- Research-oriented with interdisciplinary collaboration experience.
- Strong academic administration and coordination abilities.
- Quick learner with adaptability to emerging technologies.
- Effective team player with leadership and mentoring experience.
